

Reading - Year 4

Reading is one of the most important skills to practise as often as you can. It is also a brilliant way to transport yourself somewhere else for a while or learn about something you are interested in.

Reading helps you with spelling, writing and even helps you answer maths questions!

Read as often as you can wherever you can. A parent or carer can sign your reading record at least 3 times a week, but I hope that you will be able to read (almost) everyday.

We have an excellent selection of books in the school library and I have set out below some other places to get hold of books online.

Hertfordshire libraries

If you aren't already a member, ask an adult to help you use the link to sign up for free online - [Join now](#)

Hertfordshire libraries have a great online service. There is a brilliant collection of children's books that can be downloaded for free.

The ebooks are organised in categories - if you aren't sure what to read, take a look at the 'Award Winners' selection or the books that are the most popular.

Oxford Owl

Ask an adult to register for free on www.oxfordowl.co.uk - the website has an ebooks section which includes the same types of reading books we have in school. The ebooks can be downloaded for free and selected by age or book band level.

What to read? - These links will help you choose:

[Books for Year 4 pupils aged 8-9 in KS2](#) [Booksfortopics: Best Books for Year 4](#)

Happy reading! If you read a good book tell me and your friends!
