Learning, growing, achieving, TOGETHER

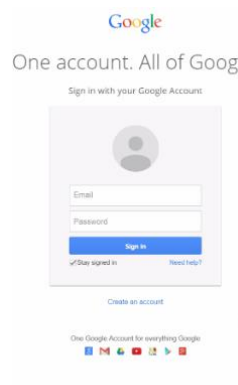

Dear Parents/ carers,

Google Classroom

In anticipation of any remote learning this year, we will be using Google Classroom as our remote learning platform. This will eventually replace our existing system of uploading work on to our school website. We are also investigating possibilities of uploading homework into each classroom.

The school has created a Google Account for every student. Here are the steps you will need to be able to login and access these resources:

1. In your web browser navigate to classroom.google.com. If no one is currently logged in (you will need to log out if another family member has a Google account) the webpage will look something like this.

2. Have your child log in with their school email and password (this is at the bottom of this letter)
3. This is the "Classroom Homepage" that shows the class your child is in.

Learning, growing, achieving, TOGETHER

Your child needs to click on to the class icon, and this will take them in to the home learning that has been set.

Your child's login details are:

Username:	Password:

Passwords are case sensitive, so please be careful when entering them!

Thank you for your support at this time.

Yours sincerely,
Craig Davies
Head Teacher
